

ARCBRO

IronHide GT Metal Plate CNC Cutter

Best Choice For Cutting Thick Plate

Support HPR series power source

Firstly. Install the software on the PC, then convert figure into NC code

IronHide GT

Metal Plate CNC Cutter

- Heavy duty!
- Small kerf!
- Precise cutting!

Advantages

- High Cutting speed , High Cutting precision and Low operative and maintenance Cost;
- Small kerf, precise cutting, no cutting residue avoiding complementary;
- High quality ,and reliable cutting machine;
- Powerful, reliable, high quality CNC controller;
- Compatible with most common cutting software as FastCAM ,ARTCAM ,ARTCUT;

Serrated table to keep plate stable

Strong guider and rack, most durable

Anti-collision system, save plasma torch life

Guarantee:

The guarantee period is 12 months since the original date of delivery

Note:

Buyer is responsible for consumables
Pictures and information purposes only,
to prevail in kind.

Technical Parameter

Model	Iron Hide-GT -1325/1530
Input voltage	Three phase 380V/220V
Power frequency	50Hz/60Hz
Plasma current	Optional
Processing thickness	0.3~40mm Due to Plasma power supply
Cutting speed	0~15000mm/min
Effective cutting area	1300mm x2500mm/ 1500mm x3000mm
Cutting table overall dimensions	2970mm x 2030mm x 1200mm
File transfer mode	USB
