

ARCBRO[®]

Ninja Turtle

Pipe & Plate CNC Cutter

Best Choice For Pipe & Plate Cutting

Performance

Firstly, Install the software on the PC, then convert figure into NC code

Ninja Turtle

Pipe & Plate CNC Cutter

Multi-Function

Compare with traditional "bench", TURTLE combines plate cutting and pipe cutting in one.

Perfect Performance

Four reduction gear units added. The additional units make start-stop motion perfectly controlled.

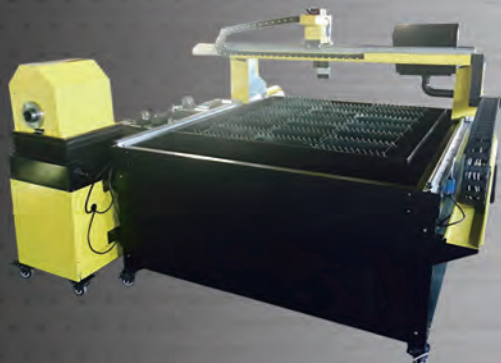

Quik Clamp

The worm lift set driven by electromotor can lift pipe chuck up & down to adapt different pipe diameters.

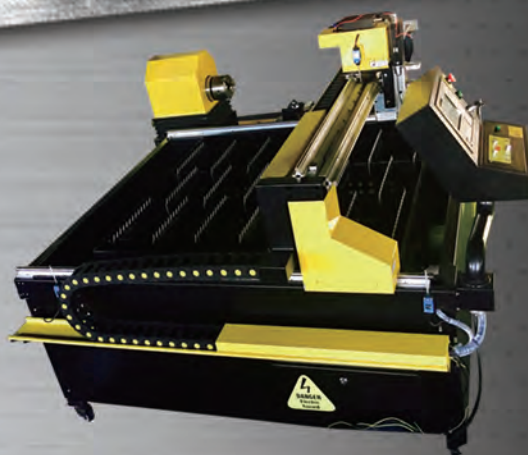

Feeding ability customized

Machine body and water table separated. Base on different thicknesses of plates, water table strength could be increased.

- Plug & Play!
- Multi Function!
- Precise Cutting!

Dust-Cleaning reserved

Dust separation pipe is easy to connect onto the flange. That is meaning of less air pollution.

Machine Parameter

High precision helical gear racks and pinions improve the machine running in accuracy

Cutting Diameter	50-150mm
Cutting Range	1500x3000 to 1300x1300mm
Power Voltage	220V110V 50Hz/60Hz
Plasma Current	Optional
Processing Thickness	0.3~40mm Due to Plasma power supply
Cutting Speed	0~15000mm/min
Cuttig Precision	0.3mm
Drive Mode	Dual drive, Smart servo motor
Nesting Software	Libellual Wizard 3
